

Book of Genesis - Chapter Ten

This chart traces the Christ Line from Noah to Abram with the gold line shown below.

Note: In the color version of this chart, three families are shown in three different colors. Boxes with dashed lines as borders indicate that those boxes represent a clan as opposed to a specific son. Boxes with fathers are darker in contrast and have a dark solid line border and are generally the same color as other descendants in the same family but they do appear darker (e.g. Noah's three sons at the top of the chart).
